# AARON JUSTIN

Cybersecurity Analyst | CEH & CND Certified | Entry-Level Professional

Kochi, Kerala • +91 8848803631 • aaronjustin905@gmail.com • linkedin.com/in/aaron-justin

## PROFESSIONAL SUMMARY

Results-oriented Cybersecurity professional pursuing a BCA with EC-Council specialisation, holding CEHv12 and CNDv3 certifications. Experienced in vulnerability assessment, penetration testing, network defence, and incident response through academic training and two internships. Adept at configuring access controls, setting up secure LAN environments, and implementing security protocols. Seeking an entry-level cybersecurity or IT security analyst role to apply technical expertise in a dynamic organisation.

## PROFESSIONAL EXPERIENCE

**Technical Assistant Intern | Orakle Digital Media** - Ernakulam *Jun 2025 – Jan 2026*

- Diagnosed and resolved hardware and software issues, reducing average resolution time for internal technical requests.
- Designed and deployed a Local Area Network (LAN) enabling seamless file and data transfer across the organisation.
- Configured role-based user permissions and established an administrator access management system, minimising unauthorised access risk.
- Set up and managed shared peripherals (printers, scanners) with proper authorisation controls for ~15 users.

**Cybersecurity Intern | Corizo** - Remote *Jul 2022 - Aug 2023*

- Performed threat analysis and assisted in incident response activities, identifying and documenting potential security vulnerabilities.
- Implemented encryption standards, access control policies, and conducted periodic security audits to strengthen the organisation's security posture.
- Developed and documented security protocols for protecting sensitive data, reducing exposure to unauthorised access and cyber threats.
- Collaborated with a cross-functional remote team, contributing to security upgrade cycles and routine system hardening activities.

## EDUCATION

**Bachelor of Computer Applications (BCA) - Cybersecurity Specialisation** | Jain University, Bangalore, Karnataka *2022 - 2025*

*Specialisation in partnership with EC-Council; coursework in ethical hacking, digital forensics, network defence, and cryptography.*

## CERTIFICATIONS

- **Certified Ethical Hacker v12 (CEHv12)** - EC-Council
- **Certified Network Defender v3 (CNDv3)** - EC-Council
- **Network Defense Essentials (NDE)** - EC-Council
- **Digital Forensics Essentials (DFE)** - EC-Council
- **Google IT Support Professional Certificate** - Google / Coursera

## TECHNICAL SKILLS

**Offensive Security:** Vulnerability Assessment, Penetration Testing, Malware Analysis, Cyber Threat Intelligence

**Defensive Security:** Network Defence, Incident Response, Information Security, Security Protocol Implementation

**IT & Networking:** LAN Setup & Configuration, Network Troubleshooting, IT Operations, Access Control Management

**Tools & Technologies:** Wireshark, Nmap, Metasploit (academic exposure), Windows/Linux OS Administration
**Soft Skills:** Analytical Thinking, Technical Documentation, Cross-functional Collaboration, Communication

## LANGUAGES

**Malayalam** (Native / Bilingual Proficiency) • **English** (Professional Working Proficiency)
